

Update the Event Greeting page: Adding Your Event's Local Flickr page

1. Go to idgettr.com and input your Flickr URL in the field. Click Find.

idGettr

Use this tool to find your Flickr user or group id. Just enter the address of your photostream or group pool and it'll find the number for you.

Find

id: 59427061@N08

An eightface project — Hosted by dreamhost

2. The site will populate an id number for you. Copy ID number provided.

idGettr

Use this tool to find your Flickr user or group id. Just enter the address of your photostream or group pool and it'll find the number for you.

Find

id: 59427061@N08

3. Go to the Event Properties section of your event's Event Management Center and input the Flickr page ID in Sponsor Field 5.
4. Click Save and Finish

If your event doesn't have a Flickr page the Event Greeting page defaults to the National Relay For Life Flickr page.

If you need more information on using Facebook for your event go to www.relayforlife.org/greatwest, click on Documents by Positions, and General Resource to access the FY12 GW RFL Social Media Guide.
