

## Purchase a Domain Name Using GoDaddy.com

1. Go to GoDaddy.com
2. Use the search box to see if the name you want to purchase is available.
3. If your name is available click on "Continue" at the bottom of the page. If your name is not available search for another one and then click "Continue".

4. On the next page and throughout the checkout you will be asked if you want to purchase a number of other products, but they are unnecessary. Click "No thanks. Continue to Checkout" On the next step create an account or login if you already have one.

YES! Add these to my order.

No thanks. [Continue to checkout.](#)

5. Next select the registration length (1 year is under \$10 after tax\*). On the bottom of the page select the option "no thanks. I'm ready to checkout."

## Registration and Checkout Options

### 1. Domain Registration Preferences

Your Domain Names (1)	Registration Length Pricing	Contact Information
<a href="#">Domains on this order</a> <a href="#">Edit Details for Each Domain</a>	2 year	<a href="#">Andrew Hurley</a> Wasatch Web Masters

### 3. Select Checkout Preference:

- Customize my order.  
 No thanks. I'm ready to checkout.
